Please note that Kycon is discontinuing their STX-3900 series. Below are the part numbers that will be effected. Dec 28, 2009 will be the last day that Kycon will be able to place anymore new orders with our factory. However, Kycon does have current stock of each part so we can continue to sell these parts until our stock runs out. Also, we believe Hosiden (Hosiden series # HSJ0857) can offer a drop in replacement for most of these parts. Please let us know if we need to order more parts as soon as possible. Please accept our apologies for any inconvenience caused.
